11. STATE POLICY RESPONSE (CFPB USE ONLY):

There is no specific definition of "temporarily residing" in the state regulations. However, MPP 63.402.4 states that "individuals shall be considered residents of an institution when the institution provides them with the majority of their meals as part of the institution's normal services. Residents of institutions are not eligible for participation in CalFresh." Residents that are "temporarily residing" in the self sufficiency program and are provided the majority of their meals there are considered a resident of an institution and therefore should be taken off Calfresh. It is the counties responsibility on a monthly basis to make the determination of the "temporary" resident based on this criteria.
